

## Vishay High Power Products

# Schottky Rectifier, 3 A

| PRODUCT SUMMARY    |       |  |  |  |
|--------------------|-------|--|--|--|
| I <sub>F(AV)</sub> | 3.0 A |  |  |  |
| V <sub>R</sub>     | 100 V |  |  |  |

#### **FEATURES**

- Very low forward voltage drop
- High frequency operation

RoHS\*

- Guard ring for enhanced ruggedness and long term reliability
- Lead (Pb)-free ("PbF" suffix)
- · Designed and qualified for industrial level

#### **DESCRIPTION**

The 30BQ100GPbF surface mount Schottky rectifier has been designed for applications requiring low forward drop and small foot prints on PC boards. Typical applications are in disk drives, switching power supplies, converters, freewheeling diodes, battery charging, and reverse battery protection.

| MAJOR RATINGS AND CHARACTERISTICS |                                  |             |       |  |  |
|-----------------------------------|----------------------------------|-------------|-------|--|--|
| SYMBOL                            | CHARACTERISTICS                  | VALUES      | UNITS |  |  |
| I <sub>F(AV)</sub>                | Rectangular waveform             | 3.0         | А     |  |  |
| V <sub>RRM</sub>                  |                                  | 100         | V     |  |  |
| I <sub>FSM</sub>                  | $t_p = 5 \mu s sine$             | 800         | А     |  |  |
| V <sub>F</sub>                    | 3.0 Apk, T <sub>J</sub> = 125 °C | 0.62        | V     |  |  |
| TJ                                | Range                            | - 55 to 175 | °C    |  |  |

| VOLTAGE RATINGS                      |           |             |       |  |  |
|--------------------------------------|-----------|-------------|-------|--|--|
| PARAMETER                            | SYMBOL    | 30BQ100GPbF | UNITS |  |  |
| Maximum DC reverse voltage           | $V_{R}$   | 100         | V     |  |  |
| Maximum working peak reverse voltage | $V_{RWM}$ | 100         | V     |  |  |

| ABSOLUTE MAXIMUM RATINGS                            |                 |                                                                                                                                          |                                             |        |       |
|-----------------------------------------------------|-----------------|------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------|--------|-------|
| PARAMETER                                           | SYMBOL          | TEST CONDITIONS                                                                                                                          |                                             | VALUES | UNITS |
| Marian                                              | 1               | 50 % duty cycle at T <sub>L</sub> = 148 °C, rectangular waveform                                                                         |                                             | 3.0    |       |
